**There are always exceptions to every rule but our standard adoption fee is \$400. Please make sure that we have confirmed adoption fees to you for each dog prior to visiting any foster homes. We are a small non profit rescue group that survives solely on adoption fees. This adoption fee allows us to rescue another dog into our family and provide them with the much needed medical attention and love of a foster family to wait for their forever home. Please consider this before negotiating adoption fees with us**

*Thank you so much for considering adopting a CAA Rescue dog!  
Love, Your New Best Friend (hopefully)*
